Dear David:

I was interested to read a recent summary of your study on the Montana Meth Project, the findings of which appear to contradict the existing body of research about the Project. I am interested in learning more about your findings, and so I would like to invite you to come to Montana to meet with me and make yourself available to the legislature which convenes in January. Please contact my office at your convenience at 406-444-3111.

Sincerely,

  
Brian Schweitzer  
GOVERNOR
